

Post-War House names from 25" OS maps. This file records the names on maps from post-war era in possession of the Yateley Society. There is good coverage for the late 1960s except that we do NOT have maps for the eastern edge of the parish and Blackwater, nor for the southern parts of Yateley Common. The 1970s maps are only available for a smaller number of areas, but they generally have less name information, but help with relating house names to later post office number schemes

THIS IS A DRAFT TRANSCRIPT DONE IN A HURRY, capitaisation is generally absent for the names.
